THE VISION

When you find a residence that feels right, you just know it. When you enter a residence at the Turnberry Ocean Club, you instantly appreciate the superb architectural thought and creativity. A luxury tower must contain more than just excellent floorplans and efficient design, it must have a soul.

The groundbreaking design is both modern and timeless. Intelligent yet simple. It inspires a sense of openness that comes from what you feel, not just from what you see.

We are building Turnberry Ocean Club for an exceptional few.

TURNBERRY
OCEAN CLUB

HALF A CENTURY OF EXPERIENCE

During its fifty-year history as a leading real estate development and property management company, Turnberry Associates has refused to conform to traditional genres. The company's diverse residential, hospitality, retail and commercial projects valued at more than \$7 billion, have received accolades for revolutionizing the living, working, leisure and shopping habits of millions of people across the country.

From Turnberry Ocean Colony, Porto Vita, Aventura Mall, Fontainebleau Hotel in Miami Beach and Turnberry Isle Resort in Aventura to signature properties in Las Vegas, Washington D.C. and the Bahamas, Turnberry Associates has always been known for superb quality and impeccable service. Turnberry Ocean Club has raised the bar on oceanfront private club living in Miami once again.

At Turnberry, perfection is a point of pride and unless we are proud of it, we will not build it.

OCEAN CLUB

ATLANTIC OCEAN

LOCATION

Warm sand and cool ocean waters stretch out alongside the bright whites and lush greens of this exquisite luxury community. Dramatic vistas of the water and verdant tropical landscape greet the gaze from every angle, meaning the tranquil oceanfront ambiance is never absent from any of the area's beautiful tropical locales.

POINT OF PERFECTION

SUNNY ISLES BEACH

Located in Miami, between Aventura and Bal Harbour, Sunny Isles is two miles of fine sand and sky nestled between the majestic Atlantic Ocean and the vibrant Intracoastal Waterway. This tranquil community is situated conveniently between two major metropolitan zones, yet distant enough to offer a respite from city congestion and noise. This culturally diverse oasis community offers abundant outdoor activities, pristine oceanfront beauty and a myriad of shops and dining lining the city's main thoroughfare, Collins Avenue.

THE SKY IS NO LIMIT

The imagination of most architects relates more to the earth than to the sky. But for world-renowned, Venezuelan-born architect Carlos Zapata, the sky is the ultimate canvas for his award-winning designs. Turnberry Ocean Club brings to life his panoramic vision for movement with richer, more wide open forms — wall to wall, floor to ceiling — using glass like a jeweler uses diamonds. Clean, dynamically shaped structures with warm, inviting spaces that add a sense of traditional home living to his modernist architecture.

ABOVE ALL

SKYCLUB
PRIVATE CLUB LIVING
ENVISIONED BY TURNBERRY

UNDENIABLY UNIQUE. UNMISTAKABLY TURNBERRY.

TOWER FEATURES & AMENITIES

- 154 Flow-through residences with direct ocean and bay views
- 54-story modern glass tower by Carlos Zapata

LIVE WIDE OPEN

INTERIOR ARCHITECTURE BY ROBERT M. SWEDROE.

Having spent 12 years as senior design architect for Morris Lapidus, renowned architect of the Fontainebleau Hotel, Mr. Swedroe has an extraordinary talent for design details and creating floor plans that optimize space, flow and ocean views. Fueled by a desire to maximize the quality of life in multi-residential buildings, Yale-educated Mr. Swedroe has introduced trailblazing concepts like flow-through-view residences and direct-entry elevators that eliminate long public corridors. Credited with designing highly glazed modern structures and the world's tallest known oceanfront condominium with all private-entry elevators, Mr. Swedroe has always been on the forefront of innovation.

DESIGN TEAM

Jeffrey Soffer

One of the country's most highly regarded real estate developers, Jeffrey Soffer has been dedicated to Turnberry's growth for more than 25 years. His impact and influence can be seen in the development of numerous award-winning projects in South Florida and abroad. Soffer led the \$1 billion expansion and renovation of the company's landmark Fontainebleau Miami Beach, transforming the iconic resort into one of the country's most sought-after beachfront playgrounds. Soffer also has created numerous South Florida residential landmarks, including Turnberry Ocean Colony, Porto Vita, Fontainebleau II and Fontainebleau III, Turnberry Village and more; brought his company's "mansions in the sky" concept to Las Vegas, and expanded the company into suburban Washington D.C. and The Bahamas with successful high-rise residential developments.

Carlos Zapata

For Venezuelan-born architect Carlos Zapata, the sky is the ultimate canvas for his award-winning designs. Turnberry Ocean Club realizes his panoramic conception of movement with glittering, wide open forms — wall to wall, floor to ceiling. Turnberry's iconic tower uses glass like a jeweler uses diamonds: to reflect and dazzle. Zapata is famed for combining clean, dynamically shaped structures with warm, inviting spaces. These spaces allow for traditional home living in his modernist masterpieces.

Robert M. Swedroe

With twelve years of experience as a senior design architect for Morris Lapidus, renowned architect of the Fontainebleau Hotel, Mr. Swedroe has an extraordinary talent for detail. He creates superb floor plans that optimize space, flow and ocean views. Fueled by a desire to maximize the quality of life in multi-residential buildings, the Yale-educated Mr. Swedroe has introduced trailblazing concepts like flow-through-view residences and direct-entry elevators that eliminate long public corridors. Mr. Swedroe has always been at the forefront of innovation. His ingenious designs include highly glazed modern structures and the world's tallest known oceanfront condominium with all private-entry elevators.

Dan Riordan

Riordan oversees the entire residential division, including building development and real estate initiatives. Most recently, he was involved in development of Turnberry Tower Arlington, the tallest condominium on the Washington D.C. skyline. His responsibilities include all operations, as well as sales and marketing for the \$350 million, 30-story luxury tower where all residences have been completely sold. Riordan's three-decade career includes marketing and selling more than 3,000 condominium units valued in excess of \$2.5 billion and he was instrumental in pioneering condo development in Las Vegas for Turnberry in 1998.

Richard Hallick

For more than 50 years, EDSA, an internationally renowned planning, landscape architecture and urban design firm, has been creating sustainable outdoor environments to live, work, learn and play. EDSA operates under the tenant that successful urban environments are destinations that combine development and open spaces to create an exciting, viable neighborhood fabric. Through careful planning and analysis, EDSA urban projects are designed to provide optimal benefits to the surrounding community while addressing the complexities and intricate relationships that tie cities together. From Malta to Mexico, working in nearly 100 countries across the globe, EDSA is committed to delivering thriving surroundings of both beauty and function.

Janice Claussen

Founder and Principal of CCID, Janice Claussen has over 25 years experience in designing luxury hotel and resort interiors across a broad geographical spectrum. Here innovative designs have garnered numerous international awards and have contributed to successful properties with high levels of guest satisfaction. Jan's ability to combine contemporary and modern design elements with indigenous cultural icons and materials, provide for an integrated hotel or resort that blends into its setting, and provides that unique element of including the hotel guest in the local experience.
